Letter of Reference

Name of Applicant: **Liam Brown**

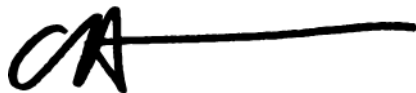

January 25, 2022

Dear Sir or Madame:

I am writing to recommend Liam Brown for employment.

Liam came to work for us in the spring of 2020, as a work term student while studying Drafting and Technology at Thompson Rivers University. We are a small, design-oriented office, which also engages in construction. We kept Liam busy with everything from drafting, renderings and construction administration, to carrying out actual construction on site. He has worked on construction sites in the past, and his understanding of construction, and ability to use tools, made him an asset on the jobsite. Through it all he worked diligently and without complaint. His technical and computer skills are excellent, and he's a fast and efficient worker. He is a thoughtful, dependable person, with diverse interests, and brings positive energy into the workplace. I'm sure he will always be a welcome addition to any architectural office.

I would strongly recommend Liam for employment, and feel he has a great future in architecture.

A handwritten signature in black ink, consisting of the letters 'CA' followed by a long horizontal line.
